Mauna Lani Spa is a reflection of the Big Island's splendid range of geographic wonders. From the snowy peaks of Mauna Kea to the flowing lava of Kilauea Crater, the spa's architecture, treatments, and services draw from the colorful history and mythology of the land.

Mauna Lani Spa resembles an ancient Hawaiian village with thatched hale. One features a Vichy shower; there are two natural lava saunas, a meditation pavilion and a fragrance garden. Inside you will find beauty and treatment rooms, locker rooms, steam showers, a sauna and an extensive spa boutique.

Treatments include traditional Hawaiian therapies, baths, body treatments, and massage therapy. The full service salon utilizes traditional and organic lines and offers total hair and nail care.
